1 of 1 people found the following review helpful. GoodBy LorraineDetective Cooper has to tell Samantha that Her brother is dead. He is murdered, leaving her in danger. They end up having feelings to each other

Mysterious and handsome as all get out...When detective Cooper sets out to catch the Russian mob, things take an unexpected turn. The body of a murdered drug addict is discovered, but things get complicated when the former SEAL, now ldquo;hard assrdquo; detective, has to inform the drug addictrsquo;s next of kin, the innocently beautiful sister, Samantha. As the case develops, Cooper canrsquo;t take his eyes off her. But what happens when the murderer sets his sights on Samantha? With a killer on the loose and the heat rising between them, sparks start to fly. As the detective does all he can to protect her, she feels indebted to him with only one way to say thank you. (Perfect for readers of Sabrina Paige!) This is a 10,000-word clean novella with no sex and mild cussing. Casey also offers this book in a mature sexy version, perfect for anyone wanting the traditional romance experience. Visit Casey Elliotrsquo;s Amazon page.
